The draft order may be accepted.

2. Attention is, in this connection, invited to Development emo. No. 2236D/43-1, dated 15-2-1943, in which the Director of Industries and Commerce has been asked to include the requirements of stationery and forms needed for the Silk

10892

Filature Factory at Kollegal in the annual indent for such forms required by the Sericultural Expert. Under G.O.No. 1378, Development, dated 3-10-1942, the working expenses of this concern are to be met by this Government and included in the cost of production of reeled silk which will subsequently be recovered from the Central Government in accordance with the procedure laid down in the G.O. Having regard to this, it seems that the cost of stationery and forms also should be included in the cost of production for purposes of recovery to be made from the Central Government. Development may be requested to issue revised instructions in this matter.
